

Objection Letters – Abattoir

Submitter	Date	Submitter to
Les & Faye Hicks	Sept. 10/2020	Deputy Mayor & Council
<p>Summary of objection - Considering the poor working conditions and long term psychological damage to slaughterhouse workers as well as the potential health and environmental concerns related to the slaughterhouse industry.</p>		

Black Duck Café	Sept. 14/2020	Deputy Mayor & Council
<p>Summary of objection – An abattoir in the area is an excellent idea, but it has no place being located right in town.</p>		

FYI – The two entries above were received before the timelines of objections. Lori Bickford reached out to each submitter above prior to our meeting asking if they wished to have their objection noted during the meeting. Lori received a positive response from Les & Faye Hicks

.....

Submitter	Date	Submitter to
Judith Weiss	Nov. 9/2020 6:05 pm	Deputy Mayor & Council
<p>Summary of objection – I fear that once the abattoir gets established it will not be possible to enforce the stated limits. Concerns about supervision and enforcement of environmental regulations.</p>		

Sandra Malasky	Nov. 10/2020	Deputy Mayor & Council
<p>Summary of objection – concerned about the adequacy of the site in terms of health & safety. These concerns include; the waste disposal issues involved and potential impact on town water supply, noise, smell and potential impact on area property values.</p>		

Jannette Hofstede	Nov. 10/2020	Deputy Mayor & Council
<p>Summary of objection – concerned about environmental issues, the removal of offal and waste, the sounds generated by anxious animals and odour.</p>		

Submitter	Date	Submitted to
Andrew Ennals	Nov. 12/2020	Deputy Mayor & Council

Summary of objection – primary concern is the smell that this would create, along with the noise and visuals that guest would find upsetting. My business at 16 Charles Street would be put at severe risk. Grossly irresponsible to put the quality of life and the property values of homeowners at risk.

Glenn Barrington	Nov. 13/2020	Deputy Mayor & Council
------------------	--------------	------------------------

Summary of objection – location for this proposed business is incredibly inappropriate. This business should be set up somewhere with better access for transportation of slaughtered and to be slaughtered animals with less risk of flood potential, with less chance of it being shut down because of complaints and problems just from simply coexisting.

Les & Faye Hicks	Nov. 16.2020	Deputy Mayor, Jamie Burke & Clerk
------------------	--------------	-----------------------------------

Summary of objection – At this point Sackville residents have no idea how large an operation this facility might eventually expand to. It is obvious that any increase in the overall number of animals being slaughtered will result in potential increases in environmental issues with runoff and increased load and expense for the Town’s waste-water facility, and an increase in odour issues for residential areas of the town. Concern the Town might be stuck with cleanup costs in the event of this project failing after being in operation for some time.

Lucy Koshan	Nov. 17/2020	Deputy Mayor
-------------	--------------	--------------

Summary of objection – concerns location of the proposed abattoir and effect on liveability of the surrounding area, economic viability, and quality of jobs created. How this enterprise is expected to be economically viable at such a small scale. I see clear contradiction between the potential benefits of the abattoir namely that it will create enough new work opportunities to be beneficial to the community and finally the quality of jobs that the abattoir will create.

Submitter	Date	Submitted to
Sabine Dietz	Nov. 17/2020	Jamie Burke & Lori Bickford
Summary of objection - Strongly suggest that a thorough study be conducted on potentially allowing a slaughterhouse within municipal boundaries, with considerable research into the potential risks and impacts. Emissions from these facilities, to run off, contaminated waste water, considerable load of potentially dangerous bacteria on site.		

Thilo & Ute Joerger	Nov. 19, 2020	Deputy Mayor & Council – hand delivered then forwarded to Deputy Mayor & Council via email
---------------------	---------------	--

Summary of objection – This was two identical letters one signed by each submitter – concerns with designation/location for an abattoir, close proximity to residential area, Industrial Park is in the flood zone, waste disposal, noise, potential impact on real estate, increase in rat infestation.

W. J. Wowk	Nov. 20/2020	Deputy Mayor & Council
George De Benedetti	Nov. 20/2020	Deputy Mayor & Council
Darren Peach	Nov. 20/2020	Deputy Mayor & Council
Charlotte Staples	Nov. 20/2020	Deputy Mayor & Council

These four letters are all identical but signed by different individuals

Summary of objection – This was two identical letters one signed by each submitter – concerns with designation/location for an abattoir, close proximity to residential area, Industrial Park is in the flood zone, waste disposal, noise, potential impact on real estate, increase in rat infestation.

Wallie Sears	Nov. 23/ 2020	Deputy Mayor
--------------	---------------	--------------

Summary of objection – likes the idea of the business but not in the proposed location

Marilyn Cook	Nov. 24/2020	Deputy Mayor & Councillor
--------------	--------------	---------------------------

Summary of objection – Likes the proposed business but not the proposed location

Bud Jones & Jo-Ann Wells	Nov. 24/2020	Deputy Mayor & Council
Vicki Steeves	Nov. 24/2020	Deputy Mayor & Council
Wayne & Amber McCluskey	Nov. 24/2020	Deputy Mayor & Council
Kathy Elliott	Nov. 24/2020	Deputy Mayor & Council
Madelyn Smith	Nov. 24/2020	Deputy Mayor & Council

Lloyd Smith	Nov. 24/2020	Deputy Mayor & Council
Pat & Everett Estabrooks	Nov. 24/2020	Deputy Mayor & Council
Linda Ayer	Nov. 24/2020	Deputy Mayor & Council
Cyrus Bernard	Nov. 24/2020	Deputy Mayor & Council
Oswald & Judy Leblanc	Nov. 24/2020	Deputy Mayor & Council
Paul & Tracy Neate	Nov. 24/2020	Deputy Mayor & Council
Joanne Jones	Nov. 24/2020	Deputy Mayor & Council
John Murray	Nov. 24/2020	Deputy Mayor & Council
Jillian MacIsaac	Nov. 24/2020	Deputy Mayor & Council

Summary of objection – This was two identical letters one signed by each submitter – concerns with designation/location for an abattoir, close proximity to residential area, Industrial Park is in the flood zone, waste disposal, noise, potential impact on real estate, increase in rat infestation.

Submitter	Date	Submitted to
Danielle Maltais	Nov. 26/2020	Deputy Mayor & Council
L. Oldford	Nov. 26/2020	Deputy Mayor & Council

Summary of objection – This was two identical letters one signed by each submitter – concerns with designation/location for an abattoir, close proximity to residential area, Industrial Park is in the flood zone, waste disposal, noise, potential impact on real estate, increase in rat infestation.

Kirsten Thompson	Nov. 27/ 2020	Deputy Mayor & Council
------------------	---------------	------------------------

Summary of objection – This was two identical letters one signed by each submitter – concerns with designation/location for an abattoir, close proximity to residential area, Industrial Park is in the flood zone, waste disposal, noise, potential impact on real estate, increase in rat infestation.

Mark MacDonald	Dec. 1/2020	Jamie Burke & Donna Beal
----------------	-------------	--------------------------

Summary of objection – risk to quality of life (smell, noise). Also concerned by lack of numbers surrounding the volume of pigs and poultry being proposed to be processed in addition to cattle.

***** Please note that all letters received were provided to Lori Bickford.**
