Plastics extrusion process line facility to convert HDPE pellets into storm water, sewer, agriculture and forestry culvert/drain pipe. Does not include the office component to be done by separate permit

Description

Storm management plans of development permit 22-1054 apply to this permit.
 Construction Site
 1. If damage occurs to the roadway on Walker Road because of heavy trucks and equipment turning in and out of the property, the owner will be responsible to repair any damage that occurs as a result of this permit. The owner will be required to repair the road(s) back to its original state.
 2. If mud is tracked from the construction site onto the town street(s) or road(s), the property owner will be responsible to keep the street(s) or road(s) clean and free from mud during the project. All cost associated with mud control will be the responsibility of the property owner

Additional Requirements / conditions

August-17-22
 Date issued / Date d'émission

Development Officer / Agent d'aménagement

IMPORTANT - READ CAREFULLY

- This is not a Building Permit.**
- Post permit for public view on project site.**
- Any development permit shall be in force for a period of one year from the date of issue or, until the project has been completed or, is discontinued for a period of 6 months and any permit may be reissued upon request, subject to review by the Development Officer.**

IMPORTANT - LIRE ATTENTIVEMENT

- Ceci ne constitue pas un permis de construction.**
- Prière d'afficher bien en vue le permis sur l'emplacement du projet.**
- Le permis d'aménagement est en vigueur pour une période d'un an après sa date de délivrance ou après l'achèvement du projet ou l'abandon du projet pour plus de six mois. Sous réserve de l'examen effectué par l'agent d'aménagement, le permis peut être délivré de nouveau sur demande.**
