

## Ward 3 council candidate Josh Goguen's opening statement

It's great to see everybody here this evening. As Carol said, my name is Josh Goguen. I am originally from Moncton...I met my wife Sarah Goguen, a lot of you guys know her from the pharmacy downtown. And she convinced me to move to Sackville, although it really didn't take much convincing because it was, it's actually very nice community and I quite enjoy you here.

So for the last 15 years of my 16 years of being in Sackville, I've worked down at Moneris held various positions there. Currently, I'm the Technology Operations Centre, one of the leaders there, we basically monitor all the systems, make sure everything runs good.

I am heavily involved with Robert Corkerton in Scouting. I'm heading into my fifth year. I'm actually running two groups this year, because we're short in leaders.

But yeah, so the reason why I'm running is just to kind of give a new perspective on Town Council and I'd love to bring up some of the current issues that are facing our community. If elected, I'll definitely work hard on representing everybody not just from Ward 3 but from every single other ward, because this is not just a Ward issue, it's a whole Tantramar Council issue. And yeah, so that's about me. Thank you.
