

Dedicated to Dorchester

About Debbie

Debbie is seeking election for Ward 1 Councillor in the newly formed municipality of Tantramar.

Debbie has resided and served as an active citizen in Dorchester for 50 years. A retired entrepreneur, she was a pioneer in Autism Awareness and support and has served on many boards and has been recognized with a Citizen of the Year Award and Molly Kool Award for her outstanding contributions to the community.

Dedication + Influence = Debbie for Ward 1 Councillor

Known as a trail blazer, Debbie completed a tour in Afghanistan in the military as a Combat Barber. By nature of her former profession, she has developed strong relationships and awareness of the needs of our community and its citizens. Her relationships and dedication to our community have made her an influential voice that will give Dorchester and surrounding areas true representation in the newly formed Municipality.

More recently, Debbie served as the first female Mayor for the Village of Dorchester.

Accomplishments and Vision

- Understanding the importance of communication and partnership, Debbie started collaboration sessions with the Mayors of Memramcook, Sackville and Port Elgin.
- She committed many hours serving on the Advisory Committee to help Entity 40 navigate through the Municipal Reform Process.
- Served with Regional Mayors on the Rural Health Action Group to save the Sackville Memorial Hospital.

As Councillor for Ward 1, I would:

- Ensure the Village of Dorchester and Dorchester local service districts (Upper Dorchester, Middleton, Dorchester Cape, Johnson's Mills, Cherry Burton, Lower Fairfield, Woodlawn, Woodhurst and Lower Walker) have a voice at the table and have their needs heard.
- Continue work to ensure Dorchester and surrounding areas are vibrant rural communities where families and businesses can grow and thrive.
