

**Can you provide me with the latest number of New Brunswick citizens without a primary care provider?**

- As of June 9th 2023, Department of Health is aware of 73,942 citizens without a provider.

The following is the breakdown of this total:

- 25,397 patients without a provider receiving primary care services from NB Health Link and are waiting to be matched to a primary care provider
- 48,545 patients without a provider on the Patient Connect NB registry

Please note that we continue to have new registrations added to the registry and at the same time, we still have 31,528 citizens to call in order to confirm if they have a provider or not and potentially register them to the NB Health Link program.

**Physician Recruitment / Recrutement de médecins  
Number of Available Positions\* / Nombre de postes disponibles\***

\*Note: This represent the number of position available for ceruiment in the province. It includes vacancies, new available positions & positions that are not yet vacant, but where physicians have notified the RHAs of their intent to retire or close their prattice at a future date.

GP-FM: Family Medicine - Community Practice

GP+ : Hospitalist, GP-Oncology support, GP-Geriatrics etc...
